

Math English Writing [GGC5041&MA320]
Assignment 10, November 12

1. Read Chapter 7 of the textbook, sections 7.1, 7.2, 7.3, and 7.5 in particular. Write a 1-2 page summary for Chapter 7.
2. Write a review of the revised version of the geometric progression paper that is assigned to you for peer review. The review and summary are due on Monday, Nov. 18, at 10:00 PM via *blackboard* in two formats: one with your name and ID and an anonymous one for peer reviews.
3. For students who wish to continue your education after completing your studies at SUSTech, compose a personal statement. Seek help from the language center if needed.
4. For those who plan to seek for jobs immediately after graduating from SUSTech, compose a cover letter. Seek help from the language center if needed.
5. The due dates for the personal statement and cover letter are to be determined.
